Duermete Niño lindo, en los brazos del amor
Que te arrolla tu madre cantando te alarru

Verse 2:

O Close your eyes, my darling,
While the winds so softly play;
O slumber close beside me until the break of day.

Verse 3: (SOLO)

The Silver moon is gleaming in the starry sky above;
Angels keep their nightwatch
And guard you with their love

Verse 4:

So dream, my pretty darling,
Through the silent hours of night;
Sleep until the sunrise awakes you with its light!
